

Intent Statement for Art

At Silverhill Primary School we are passionate in the belief that Art is a vehicle for creativity and individual expression. It provides visual, tactile and sensory experiences and a special way of understanding and responding to the world. It is important to the development of pupils' well-being, understanding and empathy of others. Our Art curriculum aims to inspire, engage and challenge children of all abilities - enabling pupils to communicate what they see, feel and think through the use of colour, texture, form and pattern. We endeavour to give all children the confidence to express themselves through a range of mediums: drawing, painting, 3D designs, textiles, collage and printmaking. We will engage, inspire and challenge through practical work as well as exploring ideas through the work of artists and designers. They will learn about the history, roles and functions of art and the impact that it has on contemporary life and that of different times and cultures.
